SUMMARY

MCA student aspiring to become a MERN Stack Full-Stack Developer. Skilled in MongoDB, Express.js, React.js, Node.js, JavaScript, and Git/GitHub. Passionate about building scalable web applications and continuously learning new technologies.

PROJECT

AI Image Generator Web Application

Self-Developed Project • image-generator-ai-six.vercel.app/ • May 2026 - June 2026

- Built a MERN-based AI image generator by following online learning resources and customizing the project.
- Integrated an AI image generation API.
- Used Git and GitHub for version control.
- Learned frontend-backend integration and API handling during the project.

Electricity Consumption Analysis Dashboard (Tableau)

Self-Developed Project • github.com/ROHIT4138/Plugging-into-the-Future-An-Exploration-of-Electricity-Consumption-Patterns-using-Tableau • February 2026 - March 2026

- Developed an interactive Tableau dashboard to analyze electricity consumption trends and usage behavior.
- Processed and visualized structured datasets using charts, filters, and dashboards for analytical reporting.
- Identified peak demand periods and consumption patterns through interactive data visualization techniques.
- Applied data visualization techniques to improve analytical reporting and trend identification.
- Improved data interpretation and reporting efficiency using Tableau dashboard components and visual analytics tools.

Personal Portfolio Website

Self-Developed Project • github.com/ROHIT4138/Personal-Portfolio.io • January 2026 - February 2026

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase projects and technical skills.
- Created interactive UI sections with optimized navigation and responsive layouts for desktop and mobile devices.
- Improved website accessibility and user experience through structured frontend design implementation.
- Structured project sections and reusable UI components for better maintainability and scalability.
- Deployed the application using GitHub Pages and maintained project version control using Git and GitHub.

EDUCATION

Master of Computer Applications (MCA)

D Y Patil Agricultural and Technical University, Talsande, Kolhapur • Maharashtra, India

Bachelor Of Computer Application (BCA)

Shivaji University, Kolhapur • Maharashtra, India • 2025 • 66.15

Higher Secondary Certificate (HSC)

Vivekanand College, Kolhapur • Maharashtra, India • 2021 • 64.50

Secondary School Certificate (SSC)

Shrimati Indira Gandhi Madyamik Vidyalaya & Junior College Peth Vadgaon, Kolhapur • 2019 • 66.20

SKILLS

Programming Languages: JavaScript, Python, C, C++, SQL

Frontend: React.js, HTML, CSS.

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman, Tableau

Soft Skills: Communication, Problem Solving, Teamwork, Quick Learner, Time Management
